

Standard Home Loan with Member Package to CompleteME Home Loan.

Notice of Change

What transitioning to ME Go
means for your accounts.

General Information.

- **Account numbers and information:** Your account numbers, loan balance, and personal information will remain unchanged as your accounts transition to ME Go.
- **The interest rate applicable to your existing home loan:** Post transition you will maintain your current rate and interest will continue to be calculated daily. However, the composition of your variable rates will change. The details of these changes are set out in the email or direct mail sent to you with the Notice of Change. Any changes to your interest rate made between now and the ME Go transition day will continue to apply.
- **Minimum Repayment Calculation:** The way principal and interest repayments are calculated will change when your accounts transition to ME Go as set out below.

Calculation before transition to ME Go:	Calculation after transition to ME Go:
Your minimum principal and interest repayment is calculated so you'll repay your current outstanding loan balance within the remaining loan term. This means that if you make additional repayments to reduce your outstanding balance, your minimum repayment amount will also reduce.	Your minimum principal and interest repayment will be calculated on your scheduled balance (your outstanding balance plus any additional funds in redraw). This means that if you have redraw, your repayment will increase when you transition to ME Go, however this new calculation will help reduce the interest you pay over the life of the loan and allows you to pay it off sooner.

If your account has a variable rate and is on principal and interest repayments on the date of your transition then the minimum repayment for that account will be re-calculated on the transition date. ME will advise you in writing of your new minimum repayment details 30 days before they take effect.

If any of your accounts have a fixed rate and/or are on Interest only repayments on the date of your transition then this change in the minimum repayment calculation won't affect the minimum repayment on that account until it reverts to variable, principal and interest repayments.

- **Redraw facilities:** The minimum amount you can redraw from your loan on ME Go will change from a minimum of \$500 to a minimum of \$100. There will be no change to the amount of redraw you have on your loan on the day of transition.
- **Fixed rates:** Post transition, you will continue to be able to fix your interest rate on your CompleteME Home Loan for between 1 and 5 years. Please check the new terms and conditions that will apply. If you currently have a fixed rate, the current terms and conditions relating to fixed rates will continue to apply until your current fixed rate term expires. There are two key changes **in the terms and conditions if you fix all or a portion of your loan after the transition to ME Go:**
 - **Prepayment fee:** We are changing the formulas we use to calculate the fixed rate prepayment fee (and renaming this fee to Early Repayment Charge). The details of the new formula are set out in the Early Repayment Charge clause in the new Home Lending Terms and Conditions.
 - **Annual pre-payment limit:** For fixed interest rate periods starting on or after the transition date, the amount you can pay into your fixed loan without incurring a cost will change from \$30,000 per fixed interest rate period to \$10,000 per annum.
- **Rate lock:** A fixed interest rate can now be secured for up to 90 days from the date of the request, allowing you to lock in the rate that will apply if you re-fix a portion of your existing loan when the current fixed term expires.
- **Top ups:** When you transition to ME Go you will be able to apply to top up your loan. No top up fee is payable on a CompleteME home loan.
- **Existing direct debits and credits:** If you have set up a direct debit arrangement to pay your loan repayments then we will continue to process them under this arrangement. If you are paying by direct credit, then there is no need to change your arrangements as we have redirected the existing BSB for you.
- **Offset accounts:** Any existing Everyday Transaction Accounts linked as offsets to your home loan will remain linked post transition. On ME Go, these offset accounts will be called SpendME Accounts. If you have additional SpendME Accounts, you can manually link them as offsets to your home loan using a new feature in the ME Go app.
- **Online banking:** You will still have online access to your home loan accounts through the new ME Go app and the new ME Go Internet Banking.

Additional Changes.

- **Terms and Conditions:** Your current **Part B – Additional terms and conditions for ME Flexible Home Loans, ME Standard Home Loans and ME Basic Home Loans** are replaced with the **Home Lending Terms and Conditions**. Your current **Electronic Access Terms and Conditions** are replaced with the **Electronic Banking Terms and Conditions** and **ME Go App Terms of Use**. If you link a PayID to your home loan account, then this will be governed by the **PayID Terms and Conditions**. Please visit mebank.com.au/support/me-go-transition-terms-and-conditions/ to access these documents.
- **Product name:** Your Standard Home Loan account will now be called the **CompleteME Home Loan**.
- **Member Package:** After your accounts transition to ME Go, your Member Package agreement will continue until its next scheduled renewal date, at which time it will end. If it's due for renewal before the transition, it will renew as usual and remain in place for another 12 months. Please see the Member Package section below for more details on what this means for you.
- **Annual Fee:** Your CompleteME Home Loan will have an annual fee of \$395. Your first annual fee is payable on your Member Package renewal date and then annually on the anniversary of this date. Only one annual fee is payable in relation to all CompleteME Home Loans with the same borrower(s). If you have multiple Standard Home loans transitioning to ME Go, the annual fee will be payable on the loan with the earliest settlement date.
- **New BSB:** Your BSB code will be updated as a part of this transition and changed to **944-100**. Existing payments to your home loan account will continue as usual as the existing BSB has been redirected for you. For any new payments to be set up after the transition, please ensure you use the new BSB code.
- **New User ID:** The User ID that we process your direct debit arrangements under will change from ME Bank (User ID 185871) to ME Bank (User ID 655358).
- **Instant payments through OSKO and using PayID on the ME Go app:** Your accounts will have access to instant payments using PayID and through OSKO on the ME Go app. With these features, you'll now be able to send as well as receive payments in real-time.
- **Interest only frequency:**
 - **Before transition:** You can make interest only repayments weekly, fortnightly and monthly.
 - **After transition:** You can only make interest only repayments monthly. The first payment date after the transition will become the new monthly date for ongoing payments.
- **Statement issuing date:** Statements will be issued every six months from your accounts transition date. .
- **Operator assisted banking:** You will no longer be able to transfer funds by operator assisted banking once your accounts have transitioned to ME Go. You will only be able to transfer funds via the ME Go app and the new ME Go Internet Banking. If you experience a problem, you can call ME on **13 15 63**.
- **Transaction limits:** Standard daily limit for 'Pay Someone' payments will increase to \$5,000 and can be increased in the ME Go app and internet banking (when available) up to \$20,000 per day per Account holder. You will now be able to use the New Payments Platform (NPP) to make instant payments. Standard daily limit for payments using the NPP is currently \$5,000 per Account holder. NPP payments now form part of the Pay Someone daily limit. All limits stated above are in AUD. **Please note that these changes to transaction limits may increase your liability for any unauthorised transaction that we determine you are partly or fully responsible for under the account(s) Terms and Conditions**, which can be found on our website here mebank.com.au/support/me-go-transition-terms-and-conditions/.
- **Repayment Holiday:** You will no longer be able to request a repayment holiday if you are ahead of your repayments. For assistance on support available visit mebank.com.au/support/financial-hardship/.
- **Fees and charges:** The fees and charges currently applicable to your loan will be replaced with the fees and charges applicable to the CompleteME Home Loan set out in the Lending Guide to Fees and Charges found at mebank.com.au/support/me-go-transition-terms-and-conditions/. We will debit fees and charges to a loan account when they become payable, and you must pay the amounts to the loan account unless we've agreed otherwise with you. We have included more details on the changes below.
- **Transfers from your nominated accounts to your ME account:** You will only be able to authorise ME Bank to debit your minimum repayment amount or more, on a recurring basis, on your repayment date, from your nominated account. However, you can always make extra payments into your variable rate loan account at any time.
- **Confirmation of Payee Service:** ME Bank will be introducing a confirmation of Payee service, a banking industry initiative that enables payers making payments using a BSB and account number to confirm the account name associated with the account you are paying to. ME Bank may use your account details, including your name for the use of the Confirmation of Payee service. Please see the Electronic Banking Terms and Conditions for further information
- **Interest-Only Repayments:** The option to pay more than the minimum repayment amount by direct debit is no longer available during an interest only period. If you want to make extra payments on an interest-only loan, you can do this by transferring these payments into your loan account.

Member package

Member Packages are not offered on ME Go. Your Member Package fee (currently \$395 per annum) will be replaced with an annual fee of \$395. This fee will be debited from your home loan account on your next Member Package renewal date after your accounts transition to ME Go, and then annually on the same date each year. The annual fee will become payable once it is debited to your loan and we will be in touch with you closer to this date to share more information on how you can pay this fee.

After your accounts transition to ME Go, your Member Package agreement will continue until its next scheduled renewal date, at which time it will end. If it's due for renewal before the transition, it will renew as usual and remain in place for another 12 months. You'll continue to receive your Member Package benefits on any transitioned loans until your package ends.

What's included with the annual fee

- **Your discounted rate remains unchanged:** Your CompleteME base rate and discount will remain the same as under your Member Package.
- **Top-up and valuation fee benefits :** Your CompleteME Home Loan has no Top up fee so you can apply to top up your loan fee free. You also won't have to pay valuation fees under \$300 on your CompleteME home loan.

Breakdown of your updated fees and charges.

Your new home loan fees and charges are set out in the Lending Guide to Fees and Charges available at mebank.com.au/support/me-go-transition-terms-and-conditions/. However, we wanted to break this down further – so you can see the difference between what you currently have and what's new.

Current fee.		New fee.	
Annual fee	No fee	Annual fee	\$395
Member Package Fee	\$395	Member Package Fee	No fee
Top up fee	N/A	Top up fee	No fee You will now be able to apply to top up your loan.
Security substitution fee	\$350 Payable if we approve a request to substitute the security property for another property.	Security substitution fee	\$300 Payable if we agree to change the property that is mortgaged to us as security for your loan. Other fees may also be payable.
